PLUS Search Results for S/N 10785990 Searched Jun 05, 2007.

The Patent Linguistic Utility System (PLUS) is a USPTO automated search system for U.S. Patents from 1971 to present. PLUS is a query-by-example search system which produces a list of patents that are most closely related linguistically to the application searched. This search was prepared by the staff of the Scientific and Technical Information Center, SIRA.

1. **Measuring the effects of data distribution models on performance evalua distributed database systems**
Mukkamala, R.;
Knowledge and Data Engineering, IEEE Transactions on
Volume 1, Issue 4, Dec 1989 Page(s):494 - 507
Digital Object Identifier 10.1109/69.43424
AbstractPlus | Full Text: PDF(1008 KB) IEEE JNL
Rights and Permissions

2. **Global mobility management by replicated databases in personal commu networks**
Leung, K.K.; Levy, Y.;
Selected Areas in Communications, IEEE Journal on
Volume 15, Issue 8, Oct. 1997 Page(s):1582 - 1596
Digital Object Identifier 10.1109/49.634796
AbstractPlus | References | Full Text: PDF(348 KB) IEEE JNL
Rights and Permissions

3. **Conflict resolution and reconciliation in disconnected databases**
Phatak, S.H.; Badrinath, B.R.;
Database and Expert Systems Applications, 1999. Proceedings. Tenth Interna on
1-3 Sept. 1999 Page(s):76 - 81
Digital Object Identifier 10.1109/DEXA.1999.795148
AbstractPlus | Full Text: PDF(152 KB) IEEE CNF
Rights and Permissions

4. **An enhanced network architecture to support replicated HLR databases-I and experimental performance analysis**
Sinclair, T.; Ghosal, D.;
Communications, 1999. ICC '99. 1999 IEEE International Conference on
Volume 2, 6-10 June 1999 Page(s):1367 - 1373 vol.2
Digital Object Identifier 10.1109/ICC.1999.765565
AbstractPlus | Full Text: PDF(544 KB) IEEE CNF
Rights and Permissions

5. **Scalable tape archiver for satellite image database and its performance a access logs. Hot declustering and hot replication**

Nemoto, T.; Kitsuregawa, M.;
Mass Storage Systems, 1999. 16th IEEE Symposium on
15-18 March 1999 Page(s):59 - 71
Digital Object Identifier 10.1109/MASS.1999.829984

AbstractPlus | Full Text: PDF(1160 KB) IEEE CNF
Rights and Permissions

6. **Performance and fault-tolerance analysis of a replicated HLR placement s broadband signaling transport network**
Ghosal, D.; Meempat, G.; Tsong-Ho Wu;
Universal Personal Communications, 1998. ICUPC '98. IEEE 1998 Internationa
Volume 1, 5-9 Oct. 1998 Page(s):745 - 749 vol.1
Digital Object Identifier 10.1109/ICUPC.1998.733065

AbstractPlus | Full Text: PDF(500 KB) IEEE CNF
Rights and Permissions

7. **A suite of database replication protocols based on group communication**
Kemme, B.; Alonso, G.;
Distributed Computing Systems, 1998. Proceedings. 18th International Confer
26-29 May 1998 Page(s):156 - 163
Digital Object Identifier 10.1109/ICDCS.1998.679498

AbstractPlus | Full Text: PDF(240 KB) IEEE CNF
Rights and Permissions

8. **Query optimization in the ADDS multidatabase system**
Reyes, T.; Lee, W.; Olson, P.; Thomas, G.; Thompson, G.; Vassaur, B.;
Applied Computing, 1990., Proceedings of the 1990 Symposium on
5-6 April 1990 Page(s):177 - 180
Digital Object Identifier 10.1109/SOAC.1990.82164

AbstractPlus | Full Text: PDF(360 KB) IEEE CNF
Rights and Permissions

9. **Experiences with two high availability designs [replication techniques]**
Bhide, A.;
Management of Replicated Data, 1992., Second Workshop on the
12-13 Nov. 1992 Page(s):51 - 54
Digital Object Identifier 10.1109/MRD.1992.242618

AbstractPlus | Full Text: PDF(332 KB) IEEE CNF
Rights and Permissions

10. **Data replication between two geographically remote sites across a wide s**
Robson, P.G.; Adlam, K.A.M.;
Distributed Databases, IEE Colloquium on
11 Dec 1992 Page(s):3/1 - 3/3

AbstractPlus | Full Text: PDF(140 KB) IET CNF

11. **Declustering and load-balancing methods for parallelizing geographic int systems**
Shekhar, S.; Ravada, S.; Chubb, D.; Turner, G.;
Knowledge and Data Engineering, IEEE Transactions on
Volume 10, Issue 4, July-Aug. 1998 Page(s):632 - 655
Digital Object Identifier 10.1109/69.706061

AbstractPlus | References | Full Text: PDF(1100 KB) IEEE JNL
Rights and Permissions

12. **Real-time data management with clock-less reliable broadcast protocols**
Verissimo, P.;
Management of Replicated Data, 1990. Proceedings., Workshop on the
8-9 Nov. 1990 Page(s):20 - 24

Digital Object Identifier 10.1109/MRD.1990.138238

AbstractPlus | Full Text: PDF(376 KB) **IEEE CNF**
Rights and Permissions

13. Distributed selective dissemination of information
Yan, T.W.; Garcia-Molina, H.;
Parallel and Distributed Information Systems, 1994., Proceedings of the Third Conference on
28-30 Sept. 1994 Page(s):89 - 98
Digital Object Identifier 10.1109/PDIS.1994.331728

AbstractPlus | Full Text: PDF(836 KB) **IEEE CNF**
Rights and Permissions

Patents

Patents **1 - 10** on **replication relational databases**. (**0.08** seconds)

Asynchronous **replication** of data changes by distributed update requests
US Pat. 5261094 - Filed Apr 8, 1991 - International Business Machines Corporation
In particular, a method for synchronizing changes to **relational databases** is described. 2. Background Information both machines are updated to indicate the ...

Methods and systems for object-based **relational** distributed **databases**
US Pat. 5560005 - Filed Feb 25, 1994 - ActaMed Corp.
The duplicative storage of information 5 in autonomous **databases** is inefficient ... The **replication** service keeps the multiple copies updated by replicating ...

Computer manufacturing system architecture with enhanced software distribution functions
US Pat. 6202070 - Filed Dec 31, 1997 - Compaq Computer Corporation
The choice of a **relational** database model managed by Microsoft's SQL ... The master PRISM database 110 **replication** to master site **databases** and their ...

Method and apparatus for implementing a hierarchical database management system (HDBMS) using a ...
US Pat. 5974407 - Filed Sep 29, 1997
The Prior Art for using hierarchical and **relational databases** together fall in three ... and **replication** technologies are used for the data synchronization. ...

Independent distributed database system
US Pat. 5924094 - Filed Nov 1, 1996 - Current Network Technologies Corporation
Currently there are two main approaches to sharing **relational databases**: traditional distributed **databases**, and traditional **replication** systems. ...

Method and system for object-based **relational** distributed **databases**
US Pat. 5724575 - Filed Jul 1, 1996 - ActaMed Corp.
The duplicative storage of information 10 in autonomous **databases** is ... and **replication** (in which the entire ID table is replicated on all nodes). ...

Object oriented data store integration environment for integration of object oriented **databases** ...
US Pat. 5542078 - Filed Sep 29, 1994 - Ontos, Inc.
Gateways do not provide unified access to disparate **relational** data stores through ... and problems with data **replication**, both of which require substantial ...

Method and apparatus for peer-to-peer data **replication** including handling exceptional ...
US Pat. 5737601 - Filed Jan 16, 1997 - Oracle Corporation
The system PEER DATA **REPLICATION** INCLUDING includes the associated ... a method abandoned. for refreshing multicolumn tables in a **relational** database. ...

Data **replication** in data warehousing scenarios
US Pat. 6438538 - Filed Oct 7, 1999 - International Business Machines Corporation

Data **replication** enables use of these applications by mapping, reformatting, and delivering data from legacy environments to **relational databases** elsewhere. ...

E-mail filter and method thereof
US Pat. 6421709 - Filed Jul 7, 1999 - Accepted Marketing, Inc.
The Spam and Submittal Filters are both stored in **relational databases**. ...
the Collaborative Filter can utilize those products' **replication** technology to ...

Patents

Patents **11** - **20** on **replication relational databases**. (**0.03** seconds)

Simplified interface for **relational** database access using open database connectivity
US Pat. 6065002 - Filed Oct 31, 1996 - Systems and Computer Technology Corporation
Relational databases have brought significant technological benefits to business and industry. ... This method requires **replication** of the data. ...

Method and apparatus for peer-to-peer data **replication**
US Pat. 5806075 - Filed Jan 14, 1997 - Oracle Corporation
METHOD AND APPARATUS FOR PEER-TO- PEER DATA **REPLICATION** This is a ... , discloses a method for refreshing multicolumn tables in a **relational** database. ...

Remote log based **replication** solution
US Pat. 6622152 - Filed May 9, 2000 - International Business Machines Corporation
In one exemplary 5 environment, the **replication** technique of the present ...
log 306, and disk drives, that store one or more **relational databases**. ...

Channel configuration program server architecture
US Pat. 6092189 - Filed Apr 30, 1998 - Compaq Computer Corporation
Of course, **replication** to master site **databases** 112 can be accomplished ...
Relational database management systems, such as PRISM and CCP are able to ...

Techniques for peer-to-peer **replication** of objects in a **relational** database
US Pat. 6889229 - Filed Sep 28, 2001 - Oracle International Corporation
BEGIN **REPLICATION** PROCESS DETERMINE THAT A DATABASE OBJECT INCLUDES A USER-DEFINED OBJECT INVOKE A DATABASE ROUTINE TO COPY TO THE NEW NODE DATA DEFINING ...

Apparatus for applying analysis rules to data sets in a **relational** database to generate a ...
US Pat. 5537590 - Filed Aug 5, 1993
A few existing systems would allow the **replication** of the operations of this ...
summary reports from huge amounts of information stored in **databases**. ...

Voice over data telecommunications network architecture
US Pat. 6614781 - Filed Nov 20, 1998 - Level 3 Communications, Inc.
This permits pulling back transactions, also known as "rolling back" a **replication**/ update, so updates will occur to all of or none of the **databases** ...

Preforming concurrent transactions in a replicated database environment
US Pat. 5781910 - Filed Sep 13, 1996 - Stratus Computer, Inc.
318. such as those manufactured by 15 to guarantee consistent **replication** of data.
non-replicated **relational** database management system invention is to ...

Enterprise data movement system and method which maintains and compares edition levels for ...
US Pat. 6029178 - Filed Mar 31, 1998 - BMC Software
During data movement or **replication** operations, data will need to be ... Data is

often distributed among the components and stored in **relational databases**. ...

Independent distributed database system
US Pat. 6446092 - Filed Mar 15, 1999 - PeerDirect Company
The distributed **relational** database system as claimed in claim 41, wherein said means for propagating comprises **replication** means for replicating selected ...

Patents

Patents **21 - 30** on **replication relational databases**. (**0.57** seconds)

Relational database synchronization method and a recording medium storing a program therefore
US Pat. 6374262 - Filed Sep 1, 1998 - Fujitsu Limited
In order to carry out the **replication**, data write into the **databases** held by the
... a 50 server holding master data of a **relational** database and portable ...

Method and apparatus for providing database system **replication** in a mixed propagation environment
US Pat. 5937414 - Filed Feb 28, 1997 - Oracle Corporation
2 is a block diagram of an exemplary mixed propagation **replication** system; FIG.
... The body of data may be, for example, a table in a **relational** database. ...

Automated system and method for customized and personalized presentation of products and ...
US Pat. 6349290 - Filed Jun 30, 1999 - Citibank, N.A.
Oracle has a mature 55 **relational** DBMS engine, Oracle 8.0. ... which allows 60
access and **replication** of remote **databases**, including Oracle **databases** of ...

System and method for controlling access to data entities in a computer network
US Pat. 5941947 - Filed Aug 18, 1995 - Microsoft Corporation
Each service group runs a particu- 20 transaction **replication** services ...
For example, each appli- defining, updating and querying **relational databases**. ...

Apparatus and method for coordinating logical data **replication** with highly available data ...
US Pat. 7177886 - Filed Feb 7, 2003 - International Business Machines Corporation
In the data distribution **replication** system, an object at the critical database node
... A transaction performed in the **relational** database is identified. ...

Automated query optimization method using both global and parallel local optimizations for ...
US Pat. 4769772 - Filed Feb 28, 1985 - Honeywell Bull, Inc.
6, June 1970, which is incorporated herein by reference, 60 because the **relational**
data model is convenient for describing the distribution and **replication** ...

Method and system for data **replication**
US Pat. 6615223 - Filed Feb 29, 2000 - Oracle International Corporation
If this 55 approach is used in a **relational** database system, each participating
site in the **replication** environment has the same schema organization for the ...

Federated information management (FIM) system and method for providing data site filtering and ...
US Pat. 5634053 - Filed Aug 29, 1995 - Hughes Aircraft Company
... For each of the enumerated local sites, the local execution **replication** at
any time. ... common features of **relational databases** such as execution ...

System and method for handling backout processing during capture of changed data in an ...
US Pat. 6092086 - Filed Mar 31, 1998 - BMC Software
During data movement or **replication** operations, data will need to be ... Data is often distributed among the components and stored in **relational databases**. ...

Complied objective referential constraints in a **relational** database having dual chain ...
US Pat. 5133068 - Filed Aug 28, 1991 - International Business Machines Corporation
Alternatively, the attributes of the foreign key fields could have been replicated in the relationship descriptor, but such **replication** is considered to be ...

Patents

Patents **31** - **40** on **replication relational databases**. (**0.06** seconds)

Data **replication** for front office automation
US Pat. 6532479 - Filed May 28, 1999 - Oracle Corp.
In a distributed database system using data **replication**, ... In this example, **relational** database 1204 contains a customers master table 1212 and an orders ...

Apparatus and method for providing users with transparent integrated access to heterogeneous ...
US Pat. 5596744 - Filed May 20, 1993 - Hughes Aircraft Company
... access data go from multiple **Relational** database Management Systems (RDBMS), ... Fragment **Replication**. The Optimizer decides which fragments need to be ...

Method of maintaining a network of partially replicated database system
US Pat. 5873096 - Filed Oct 8, 1997 - Siebel Systems, Inc.
Background **Relational databases** are a commonly-employed data structure for ... in such a way that the degree of **replication** may be easily changed without ...

Automatic prunning for log-based **replication**
US Pat. 6473776 - Filed Aug 2, 1999 - International Business Machines Corporation
Description of Related Art 20 Database **replication** refers to the process of ... In general, **relational databases** store updates in a journal (hereinafter ...

Replica routing
US Pat. 6052718 - Filed Jan 7, 1997 - Sightpath, Inc
... 42, 43, 44 can be dynamically maintained by a network-based **replication** method, ... including **relational databases**, multimedia data, video files, ...

In-line triggers
US Pat. 5926819 - Filed May 30, 1997 - Oracle Corporation
Some **databases** implement **replication** by defining trig- 60 gers when DML statements are executed, for example, when a user inserts, modifies, ...

Distributed read/write **replication** with primary copy first write and primary copy transfer ...
US Pat. 5737738 - Filed Mar 26, 1996 - International Business Machines Corporation
"A Competitive Dynamic Data **Replication** Algorithm", TF.EF. Conf. No. 9, Apr. 19, 1993 pp. 310-317. E. Babb, "Implementing a **Relational** Database by Means of ...

Method of synchronizing independently distributed software and database schema
US Pat. 6324693 - Filed Aug 17, 1999 - Siebel Systems, Inc.
Background **Relational databases** are a commonly-employed data structure for ... in such a way that the degree of **replication** may be easily changed without ...

Method and apparatus for fault tolerant call processing
US Pat. 5974114 - Filed Sep 25, 1997 - AT&T Corp
The static data **replication** module receives static call data, and stores the

static call data in a static call data profile in the **relational** database. ...

Techniques for adding a master in a distributed database without suspending database operations ...
US Pat. 7039669 - Filed Sep 28, 2001 - Oracle Corporation
Often a **replication** group is created for SUSPENDING DATABASE OPERATIONS AT a subset of the database objects in one or more **databases** EXTANT MASTER SITES ...

Patents

Patents **51 - 60** on **replication relational databases**. (**0.06** seconds)

Getfield function for a **relational** workgroup platform using keyword and workflow **databases** ...
US Pat. 5855014 - Filed Oct 31, 1996 - Application Partners, Inc.
With **replication**, changes to each database replica are distributed to all ...
databases of a workgroup platform, a **Relational** Workgroup Platform (RWP) is ...

Managing information in an integrated development architecture framework
US Pat. 6662357 - Filed Aug 31, 1999 - Accenture LLP
The current trend seems to be for object-**relational databases**, with vendors ...
stored procedures, **replication**, application logic, application generation, ...

Mid-tier-based conflict resolution method and system usable for message synchronization and ...
US Pat. 6983293 - Filed Jul 24, 2002 - International Business Machines Corporation
... communication environments for message synchronization and **replication**. ...
devices, such as disk drives, that store one or more **relational databases**. ...

Collision avoidance in bidirectional database **replication**
US Pat. 6662196 - Filed Mar 16, 2001 - ITI, Inc.
The scope of the present invention is not limited to **relational** database ...
process locally initiated transactions and that post transactions to **databases**. ...

Enterprise data movement system and method including opportunistic performance of utilities and ...
US Pat. 6035307 - Filed Mar 30, 1998 - BMC Software
Finally, such tools typically focus on only part of the **replication** ... Data is
often distributed among the components and stored in **relational databases**. ...

Data **replication** security
US Pat. 6792540 - Filed May 28, 1999 - Oracle International Corporation
2 depicts an exemplary snapshot **replication** environment for a company's sales
... In this example, **relational** database 204 contains a customers master table ...

Prioritized merging for full-text index on **relational** store
US Pat. 7007015 - Filed May 1, 2002 - Microsoft Corporation
Relational Databases Database management systems (dbmss) such as Oracle 35 ...
Replication, ie, keeping distributed **databases** synchronized by copying the ...

Method of maintaining a network of partially replicated database system
US Pat. 6189011 - Filed Dec 23, 1998 - Siebel Systems, Inc.
Background **Relational databases** are a commonly employed data stricture for ...
in such a way that the degree of **replication** may be easily changed without ...

Asynchronous coordinated commit **replication** and dual write with **replication** transmission and ...

US Pat. 7177866 - Filed Sep 17, 2003 - Gravic, Inc.
40 The scope of the present invention is not limited to **relational** database ... locally initiated transactions and that post transactions to **databases**. ...

Agent for replicating data based on a client defined **replication** period
US Pat. 5884324 - Filed Jul 23, 1996 - International Business Machines Corporation
In current systems, the data **replication** function is implemented as follows: the ... logs, and **relational** joins) required to allow the client to update the ...

Patents

Patents **1 - 10** on **replication time databases**. (**0.29** seconds)

Asynchronous **replication** of data changes by distributed update requests
US Pat. 5261094 - Filed Apr 8, 1991 - International Business Machines Corporation
logical indicator that record has been deleted TLU=**time** last updated. ... a method for replicating changes to one of the **databases** comprising the steps of: ...

Independent distributed database system
US Pat. 5924094 - Filed Nov 1, 1996 - Current Network Technologies Corporation
According to this aspect of the invention, at **replication time** and before replacing a given fragment the **replication** engine checks its validity. ...

Synchronization and **replication** of object **databases**
US Pat. 5684984 - Filed Sep 29, 1994 - Apple Computer, Inc.
After the object is C++, type information is absent at run **time**. ... Because run-**time** type Objects may have sub-objects that are not Documents run-**time** type ...

Concurrently applying redo records to backup database in a log sequence using single queue ...
US Pat. 5170480 - Filed Sep 25, 1989 - International Business Machines Corporation
In the prior art, database **replication** is exemplified in the use of ... 40 between the **databases**, and utilize database serialization in the form of locking. ...

Preforming concurrent transactions in a replicated database environment
US Pat. 5781910 - Filed Sep 13, 1996 - Stratus Computer, Inc.
This involves two forced disk backup approaches to database **replication**, ... vary across the system by replacing a failed primary with one of the **databases**. ...

Time based expiration of data objects in a store and forward **replication** enterprise ...
US Pat. 5794253 - Filed Jul 12, 1996 - Microsoft Corporation
In **replication** enterprise. 1S implement the concept of **time** based expiration. ment where data is replicated among various servers ...

Method and apparatus for peer-to-peer data **replication**
US Pat. 5806075 - Filed Jan 14, 1997 - Oracle Corporation
METHOD AND APPARATUS FOR PEER-TO- PEER DATA **REPLICATION** This is a ... All transactions (eg, logical units of work) are **time** stamped to assure access to the ...

Method and apparatus for peer-to-peer data **replication** including handling exceptional ...
US Pat. 5737601 - Filed Jan 16, 1997 - Oracle Corporation
The system PEER DATA **REPLICATION** INCLUDING includes the associated ... , and (3) "**time** This invention relates to the field of data **replication**. s(amp „ ...

System for merging virtual partitions of a distributed database
US Pat. 4853843 - Filed Dec 18, 1987 - Tektronix, Inc.
Optionally the defining user may specify a default **replication** factor for the

... in "Multiple Version Management of Hypothetical **Databases**" published 1985 ...

Bidirectional database **replication** scheme for controlling ping-ponging
US Pat. 6122630 - Filed Jun 8, 1999 - ITI, Inc.
Bidirectional **replication** simplifies the manual procedures necessary to manage
... ("Latency" is defined as the **time** that the commit takes place on one ...

Patents

Patents **11** - **20** on **replication time databases**. (**0.04** seconds)

Independent distributed database system
US Pat. 6446092 - Filed Mar 15, 1999 - PeerDirect Company
The Tax table stores the core information that does not change over **time** ...
data was the most recent (if a **replication time**-stamp is being stored) or at ...

System and method for database update **replication**
US Pat. 5995980 - Filed Jul 23, 1996
Databases are often replicated to reduce contention or access to a primary ...
while consuming significant amounts of processing resources and **time**. ...

Configurable conflict resolution in a computer implemented distributed database ...
US Pat. 5806074 - Filed Mar 19, 1996 - Oracle Corporation
The asynchronous **replication** method provides a means for balancing network traffic
over **time**. The asynchronous method also provides an effective means for ...

Method of buffering data objects in a database
US Pat. 5680573 - Filed Jul 12, 1994 - Sybase, Inc.
Each **replication** of the buffer cache has the same name and same memory pool ...
The hash table points the access methods to the proper **replication** of the ...

Methods and systems for object-based relational distributed **databases**
US Pat. 5560005 - Filed Feb 25, 1994 - ActaMed Corp.
The duplicative storage of information 5 in autonomous **databases** is inefficient
... The **replication** service keeps the multiple copies updated by replicating ...

Remote duplicate database facility with database **replication** support for online DDL operations ...
US Pat. 5745753 - Filed Jan 24, 1995 - Tandem Computers, Inc.
Finally, If so, a current timestamp indicative of the current **time** is the ...
Every **time** the extractor procedure encounters a is updated to indicate that ...

Distributed database system and method of detecting contention in data update involved in ...
US Pat. 5946689 - Filed Nov 26, 1997 - Hitachi, Ltd.
... and **databases** of the remaining database systems 4Q being produced by ...
number history associated with said data each **time** said 55 data is updated; ...

Method and apparatus for workgroup information **replication**
US Pat. 5757669 - Filed May 31, 1995 - Netscape Communications Corporation
The **replication** agent uses a process This state information is maintained at the
... The date and **time** stamp is used by the 35 "arrived" when it is first ...

Record tracking in database **replication**
US Pat. 5819272 - Filed Jul 12, 1996 - Microsoft Corporation
Replication conflicts occur when a message is changed on a plurality of servers

at roughly the same **time**, between replications (lists of predecessor change ...

System, method and article of manufacture for communications utilizing calling, plans in a ...
US Pat. 5867495 - Filed Nov 18, 1996 - MCI Communications Corporations
... of distributed **databases** and 45 distributed data access with the following functionality: **Replication** and Synchronization; Partitioning of Data Files; ...

Patents

Patents **21 - 30** on **replication time databases**. (**0.07** seconds)

Method and system for distributed caching, prefetching and **replication**
US Pat. 6167438 - Filed May 22, 1997 - Trustees of Boston University
... and/or implement several fea- more than a predetermined number of **time** epochs
... The cache servers 16 can also be used to host replicas of **databases**, ...

Method and system for data **replication**
US Pat. 6615223 - Filed Feb 29, 2000 - Oracle International Corporation
Synchronous **replication** typically results more overhead 40 than asynchronous **replication**. More **time** is required to perform synchronous **replication** since a ...

Computer system with a plurality of database management systems
US Pat. 6754679 - Filed Mar 30, 2001 - Hitachi, Ltd.
The requested refresh (**replication time**) interval can be set up in data refresh manager 284, for example. To choose the technique to use, a comparison can ...

Computer manufacturing system architecture with enhanced software distribution functions
US Pat. 6202070 - Filed Dec 31, 1997 - Compaq Computer Corporation
This table holds the **time** it was last run so that future invocations may know if its ... mechanism increases the amount of data transferred via **replication**, ...

Method and apparatus for replicated transaction consistency
US Pat. 6012059 - Filed Aug 21, 1997 - Dataxel Corporation
These alternatives permit the replica site to establish the current point in **time** among the **replication** packages received from the primary sites. ...

Allowing inconsistency in a distributed client-server application
US Pat. 5751958 - Filed Jun 30, 1995 - PeopleSoft, Inc.
Generally, **replication** can be used effectively more digital computers. The user independence is enabled with **databases** that can be partitioned into subsets ...

Federated information management (FIM) system and method for providing data site filtering and ...
US Pat. 5634053 - Filed Aug 29, 1995 - Hughes Aircraft Company
... For each of the enumerated local sites, the local execution **replication** at any **time**. ... common features of relational **databases** such as execution ...

Web serving system that coordinates multiple servers to optimize file transfers
US Pat. 5991809 - Filed Jul 25, 1997 - Clearway Technologies, LLC
Then, the serving **time** is calculated by considering the transmission **time** of the ... Then, the first **replication** server is obtained as shown in step 158, ...

Intelligent page store for concurrent and consistent access to a database by a transaction ...
US Pat. 5317731 - Filed Feb 25, 1991 - International Business Machines Corporation
... shown by **replication** of the database pages and hence at minimal the exact ...

Throughout this **time** Q1 and Q2 must have Transaction Database Log 6, ...

Method and apparatus for database fault tolerance with instant transaction **replication** using off ...
US Pat. 6421688 - Filed Mar 2, 2000 - Parallel Computers Technology, Inc.
Hardware **replication** technologies can resolve hardware related problems, ...
and redo commands will pass back and forth between the RDF and local **databases**. ...

Patents

Patents **1** - **9** on **replication relational joining keys**. (**0.09** seconds)

Query optimization by transparently altering properties of **relational** tables using materialized ...
US Pat. 6339769 - Filed Sep 14, 1998 - International Business Machines Corporation
... the processors 102 in the MPP computer system 102 via the partitioning **keys** denned above. ... making **replication** across all processors 102 unattractive. ...

Set containment join operation in an object/**relational** database management system
US Pat. 6728694 - Filed Apr 17, 2000 - NCR Corporation
Relaxing this assumption and considering faster algorithms for **joining** partitions ... 4.2.2 **Joining** Phase During the **joining** phase, each partition of R is ...

Data **replication** in data warehousing scenarios
US Pat. 6438538 - Filed Oct 7, 1999 - International Business Machines Corporation
Whenever a **replication** gate expressions and grouping clauses. ... Apply components can also read data directly 20 increasing **relational** database stored in ...

Sorted-paged retrieval of hierarchical data from **relational** databases
US Pat. 6898593 - Filed Feb 5, 2002 - i2 Technologies US, Inc.
A **relational** database is a database organized as a collection of tables. ... partial de-normalization or partial **replication** of information to improve the ...

Parallel query optimization strategies for replicated and partitioned tables
US Pat. 6625593 - Filed Sep 13, 1999 - International Business Machines Corporation
... that summarize important **relational** characteristics (eg, tables accessed, ... distribution 35 function denoting **replication**, and no distribution key. ...

Method and apparatus for object-oriented access to a **relational** database management system ...
US Pat. 6968344 - Filed Feb 5, 2002 - Tata Consultancy Services Limited
... of data records stored in a **relational** database in an object oriented way ... schema is one to one class to table with **replication** in the sub-classes. ...

Secure network system and method for transfer of medical information
US Pat. 7028182 - Filed Jan 26, 2000 - Nexsys Electronics, Inc.
This information may be included in the **relational** database 28, ... such as synchronous asymmetric **replication** (SAR) and CORBA techniques to update the ...

System and method for metadirectory differential updates among constituent heterogeneous data ...
US Pat. 7107297 - Filed Jan 10, 2002 - International Business Machines Corporation
... nor is it just a directory synchronization and **replication** tool. ... data from each data source in a **relational** database, preferably in a DB2 database. ...

Subscription and notification with database technology

US Pat. 6826560 - Filed Jun 30, 2000 - International Business Machines Corporation
The processing of this statement per se by a **relational** database system is ...
An interesting application of this approach is the periodic **replication** of ...

Patents

Patents **1 - 1** on **replication correlate join keys**. (**0.09** seconds)

Set containment **join** operation in an object/relational database management system
US Pat. 6728694 - Filed Apr 17, 2000 - NCR Corporation
SET CONTAINMENT **JOIN** OPERATION IN AN OBJECT/RELATIONAL DATABASE ... in order to minimize the impact of excessive **replication** and improve performance. ...

replication correlate join keys Search Patents

Patents

Patents **1 - 10** on **replication database name joining key**. (**0.04** seconds)

Database partial replica generation system
US Pat. 5758337 - Filed Aug 8, 1996 - Microsoft Corporation
401 and 501, **database** schema 600 lists only the table **name** and the column, or field, ... 14-21 are used below to describe in detail the partial **replication** ...

Method and apparatus for managing clustered computer systems
US Pat. 6393485 - Filed Oct 27, 1998 - International Business Machines Corporation
The timer value is defined in the cluster configuration **database** and may be ... its timestamp in the first phase to force a **database replication**, (3) The ...

Well-known transactions in data **replication**
US Pat. 7143123 - Filed Jan 9, 2004 - Microsoft Corporation
In a peer-to-peer scenario, **joining** is on one LSN 10 watermark for every ... originating server **name** (OSN) and originating publisher **database name** (...

Managing the size and accessibility of a **name** service
US Pat. 6594702 - Filed Feb 25, 1999 - Oracle International Corporation
When a **name** service daemon is **joining** an existing **name** service, **name** service ... For example, it may be desirable to publish information about a **database** ...

Query optimization by transparently altering properties of relational tables using materialized ...
US Pat. 6339769 - Filed Sep 14, 1998 - International Business Machines Corporation
... CUST) PARTITIONING **KEY** (ACCTID); 40 In this application, all tables in this **database** are ... making **replication** across all processors 102 unattractive. ...

System and method for metadirectory differential updates among constituent heterogeneous data ...
US Pat. 7107297 - Filed Jan 10, 2002 - International Business Machines Corporation
A human resources **database** may contain a first entry (22) for an employee "Clark Kent", including his employee number, surname, first **name**, title, ...

Subscription and notification with **database** technology
US Pat. 6826560 - Filed Jun 30, 2000 - International Business Machines Corporation
An interesting application of this approach is the periodic **replication** of modified ... and the causing tuple, as eg its primary **key** into a separate queue. ...

Uniform **name** space referrals with location independence
US Pat. 6947940 - Filed Jul 30, 2002 - International Business Machines Corporation
2A-2B, thereby **joining** the separate **name** spaces. ... automounter implementations is that transparent migration and **replication** cannot be supported without ...

Method for content-aware redirection and content renaming
US Pat. 6954456 - Filed Dec 14, 2001 - AT & T Corp.
The **key** criteria we are concerned with in this writeup however is the content

that is being ... This could lead to a great deal of **database replication**, ...

Secure network system and method for transfer of medical information
US Pat. 7028182 - Filed Jan 26, 2000 - Nexsys Electronics, Inc.
This information may be included in the relational **database** 28, ... **replication** (SAR) and CORBA techniques to update the **database** with new information. ...

Patents

Patents **11** - **11** on **replication database name joining key**. (**0.07** seconds)

Multicasting in ATM-networks
US Pat. 7110403 - Filed Sep 6, 1999 - Teliasonera AB
... as the **key** and the ATM address of the corresponding core, if it has one. ...
of the core: and **replication** of the core for fault tolerance reasons. ...

Patents

Patents **1 - 10** on **replication multiple databases**. (**0.05** seconds)

Methods and systems for object-based relational distributed **databases**
US Pat. 5560005 - Filed Feb 25, 1994 - ActaMed Corp.
The duplicative storage of information 5 in autonomous **databases** is inefficient
... The **replication** service keeps the **multiple** copies updated by replicating ...

System and method for synchronizing data in **multiple databases**
US Pat. 6516327 - Filed Sep 24, 1999 - International Business Machines Corporation
For example, replicas 30 may differ prior to **replication** between them. Accordingly, system 10 ensures that secondary **databases** 32, main database 28 and ...

Apparatus and method for providing users with transparent integrated access to heterogeneous ...
US Pat. 5596744 - Filed May 20, 1993 - Hughes Aircraft Company
... 10 provides the users with a uniform interface to access **multiple databases**.
... Fragment **Replication**. The Optimizer decides which fragments need to be ...

System and method for database update **replication**
US Pat. 5995980 - Filed Jul 23, 1996
Databases are often replicated to reduce contention or access to a primary ...
The **multiple** queued transactions implicit in update **replication** consume ...

Bidirectional database **replication** scheme for controlling ping-ponging
US Pat. 6122630 - Filed Jun 8, 1999 - ITI, Inc.
In homogeneous database **replication**, the two **databases** in the pair are identical.
... 10 can have **multiple** target **databases** 16 in a combination of formats. ...

Method and apparatus for workgroup information **replication**
US Pat. 5757669 - Filed May 31, 1995 - Netscape Communications Corporation
The **replication** agent corresponds with other sites **databases** where **multiple** copies of the same database are The **replication** agent for each site determines ...

Synchronization and **replication** of object **databases**
US Pat. 5684984 - Filed Sep 29, 1994 - Apple Computer, Inc.
The method of claim 2, wherein, at each of the plurality of sites and at the central location, **multiple** program entities, including information items, ...

Configurable conflict resolution in a computer implemented distributed database ...
US Pat. 5806074 - Filed Mar 19, 1996 - Oracle Corporation
A conventional distributed database technology is **replication**. Using this methodology, **multiple** replicas or instantiations of data structures or programs ...

System and method for **replication** of distributed **databases** that span **multiple** primary nodes
US Pat. 6785696 - Filed Jun 1, 2001 - Hewlett-Packard Development Company, L.P.
... **replication** ... **multiple** ...

Method and apparatus for peer-to-peer data **replication** including handling exceptional ...
US Pat. 5737601 - Filed Jan 16, 1997 - Oracle Corporation
... copies data resident at **multiple** received from customer 11 at site B (ie, ...
Before **replication**, the two **databases** reflect only orders table 202B ...

Google Home - About Google - About Google Patent Search

Patents

Patents **11** - **20** on **replication multiple databases**. (**0.06** seconds)

Complementary concurrent cooperative multi-processing multi-tasking processing system using ...
US Pat. 5566349 - Filed May 16, 1994
Multiple databases—The ... **Replication** transparency—The ... To the end user and the application programmer, the **replication** is transparent; ...

Method and system for object-based relational distributed **databases**
US Pat. 5724575 - Filed Jul 1, 1996 - ActaMed Corp.
The duplicative storage of information 10 in autonomous **databases** is inefficient ... This system envisions maintaining **multiple** copies of a set of data on ...

Method and apparatus for peer-to-peer data **replication**
US Pat. 5806075 - Filed Jan 14, 1997 - Oracle Corporation
... a networked environment containing copies data resident at **multiple** sites. ... Before **replication**, the two **databases** reflect only the order transactions ...

Method and apparatus for defining and configuring modules of data objects and programs in a ...
US Pat. 5724556 - Filed Apr 14, 1995 - Oracle Corporation
Other **databases** of the distributed system, ie The present invention relates to ... Although **replication** increases the herein, typically include computers, ...

System and method for incremental change synchronization between **multiple** copies of data
US Pat. 6202085 - Filed Dec 6, 1996 - Microsoft Corportion
Unfortunately, this simple model does not work well in a **replication** ... Finally, the present invention allows synchronization with third-party **databases** ...

Preforming concurrent transactions in a replicated database environment
US Pat. 5781910 - Filed Sep 13, 1996 - Stratus Computer, Inc.
to a replicated inherent costs associated with the **replication** of **databases**. ... order to manage **multiple databases** and handle the execution amounts of data ...

Federated information management (FIM) system and method for providing data site filtering and ...
US Pat. 5634053 - Filed Aug 29, 1995 - Hughes Aircraft Company
... to process the global query for access to data in **multiple databases**. ... Fragment **Replication**. The Optimizer decides which fragments need to be ...

Method and apparatus for database fault tolerance with instant transaction **replication** using off ...
US Pat. 6421688 - Filed Mar 2, 2000 - Parallel Computers Technology, Inc.
Among all different data service technologies, such as flat files, indexed files, **multiple** linked files or **databases**, database is most 2o preferred. ...

Concurrently applying redo records to backup database in a log sequence using single queue ...
US Pat. 5170480 - Filed Sep 25, 1989 - International Business Machines Corporation
In the prior art, database **replication** is exemplified in the use of ... 40 between the **databases**, and utilize database serialization in the form of locking. ...

Multi-tiered indexing method for partitioned data
US Pat. 5551027 - Filed Sep 11, 1995 - International Business Machines Corporation
If no single index which references data in **multiple** partitions is ... comes with a severe performance penalty which is disabling in very large **databases**. ...

Patents

Patents **21** - **30** on **replication multiple databases**. (**0.04** seconds)

System for activating new service in client server network by reconfiguring the multilayer ...
US Pat. 5548726 - Filed Dec 17, 1993 - Taligeni, Inc.
... nodes or limit **replication** by partitioning the database in some manner. ...
to insure data consistency if **multiple** sources can update the **databases**. ...

System for merging virtual partitions of a distributed database
US Pat. 4853843 - Filed Dec 18, 1987 - Tektronix, Inc.
Optionally the defining user may specify a default **replication** factor for the
... in "**Multiple** Version Management of Hypothetical **Databases**" published 1985 ...

Software installation and recovery system
US Pat. 6490722 - Filed Oct 20, 1999 - TiVo Inc.
Basic attributes are replicated between **databases**, whereas derived ... meaning that
the same object may be presented for **replication multiple** times. ...

Independent distributed database system
US Pat. 5924094 - Filed Nov 1, 1996 - Current Network Technologies Corporation
Currently there are two main approaches to sharing relational **databases**: traditional
distributed **databases**, and traditional **replication** systems. ...

Method and system for data **replication**
US Pat. 6615223 - Filed Feb 29, 2000 - Oracle International Corporation
EIN-DOR, Phillip et al., "Natural Language Access to **Multiple Databases**: A Model
and a Prototype", Journal of Management Information Systems, Summer 1995, ...

Method and apparatus for workgroup information **replication**
US Pat. 6182117 - Filed Jun 12, 1997 - Netscape Communications Corporation
A **replication** agent copies and synchronizes **databases**, com- w puter data ...
used) and its database (or **databases** where **multiple** copies of the same database ...

Efficient synchronous and asynchronous database **replication**
US Pat. 7158998 - Filed Jul 31, 2002 - Cingular Wireless II, LLC
In one embodiment, the **replication** driver: 1. Monitors the availability of **multiple**
databases. 2. Manages connections to **multiple** local and remote **databases** ...

System and method for selective **replication** of **databases** within a workflow, enterprise, and mail ...
US Pat. 6574617 - Filed Jun 19, 2000 - International Business Machines Corporation
25 is a flow diagram of a process for enabling **multiple databases** for ...
Keep Track of Offline Users B.2 Set Up Selective **Replication** B.3 Set Up Agents for ...

Calibration of logical cost formulae for queries in a heterogeneous DBMS using synthetic database
US Pat. 5412806 - Filed Aug 20, 1992 - Hewlett-Packard Company

BACKGROUND OF THE INVENTION mentation, and **replication** transparency mentioned in ... is that retrievals can be directed to the DC and Portland **databases**. ...

Distributed computing architecture
US Pat. 6112304 - Filed Aug 27, 1997 - Zipsoft, Inc.
"The model-assisted global query system for **multiple databases** in distributed ... "**Replication** Everywhere", R. Dobson, Byte, Apr. 1997, pp. 34, 36. ...
